. DR. JOHN BULL'S FOR THE CURE OF

Or CHILLS and FEVER, AND ALL MALARIAL DISEASES.

The proprietor of this celebrated midcine justly claims for it a superiority ever
all remedies ever effered to the public for
the SAFE, CERTAIN, SPEKBY and FERMANENT cure of Agus and Fover, or Chills
and Fever, whether of short or long stanling: He refers to the entire Western and
Southern country to bear him testimony to
the fruth of the assertion that in no case
whatever will it fail to cure if the directions are strictly followed and carried out.
In a great many cases a single does has
been sufficient for a cure, and whole famiites have been cured by a single bottle, with
a perfect restoration of the general health.
It is, however, pradent, and in every case
more certain to oure, if its use is continued
in smaller doses for a week or two after the
disease has been checked, more especially
in difficult and long standing cases. Usually this medicine will not require any sid
to keep the bowels in good order. Should
the patient, however, require a cathartic
medicine, after having taken three or four
doses of the Tonic, a single does of BULL'S
VEGETABLE FAMILY PILLS will be suf doese of the Tonic, a single does of BULL'S VEGETABLE FAMILY PILLS will be suf BULL'S SARSAPARILLA is the old and

A Good Cup of Coffee.

"It is one of the slamplest things in the world," said Miss Corson, in her lecture yesterday, atternoon, "to make a good cop of coffee, and this can be easi y accomplished by applying a li the common sense. If you put bolling water on coffee, and do not let it boll," she continued, ' you have all the good, qualities preserved. One reason dispepties can not drink coffee is because it is boiled. The style of a coffee put is just a matter of fancy. I have made as good in an old tomato can as I have ever sipped from a cup filled from the tinest French coffee urn. We should take lessons in this matter from the Turks and Arabians, who great their coffee to a fine powder.

"When the coff e is ground as fine as possible, put it in a latte bag of unbleached muslin, which should be tied tightly enough to prevent that escape of the grounds. If you use a cup of unground coffee you can make over a quart of very strong, black coffee. In making coffee many people sacrillee flavor for strength. Bitterness comes from boiling. When boiling water is placed on the bag of ground coff-e it should stand at least three minutes before serving. Remember, the longer it stands the stronger it becomes. Be exreful not to allow the watered coffee to boil

"A forvarite mixture of coffee," said Miss Corson, in answer to a lady in the audience, "if Mocha and Java, in the proportion of two parts of the latter which is le s expensive, to one of the
